## REGEN

As reported in the last Newsletter we have arranged to have the sketch plans for a new clubhouse to be costed. This has now happened and both the Regen sub committee and General Committee have considered the Report from the Quantity Surveyors. The estimated cost is considerable so before we make any decision we are now clarifying the scope for grants etc. Additionally we are looking to commission a ground survey to identify the scope of foundation work for both a new build and a refurbishment / extension of the existing Clubhouse.
